

WHAT IS REFRAMING?

Are You Having Ministry Impact?

That's a question all of us ask in ministry. What is necessary for us to really accomplish the Great Commission our Lord has given us to fulfill? It's not magic; in fact all that we need is given to use in the pages of Scripture. Sometimes though, the details get a little lost in life.

A Leadership Intensive. The Reframing Intensive is designed to help churches who are having impact, but want to maximize it. In the first retreat we examine the "Kingdom Potential" of the church. In the second retreat we consider what is necessary to effectively "frame" our vision and turn it loose. Finally, based on what we have learned, we build strategies to bring about Kingdom Impact in your mission field.

Good For Any Church, Any Size. No matter the size or location of your church, these retreats help you ask questions that will improve your ministry impact. And rather than a "one size fits all" approach, Converge Great Lakes will work with your leaders to tailor the experience to meet your needs. Give us a call and take the next step toward greater impact.

REDISCOVERING OUR POTENTIAL...REFRAMING OUR FUTURE

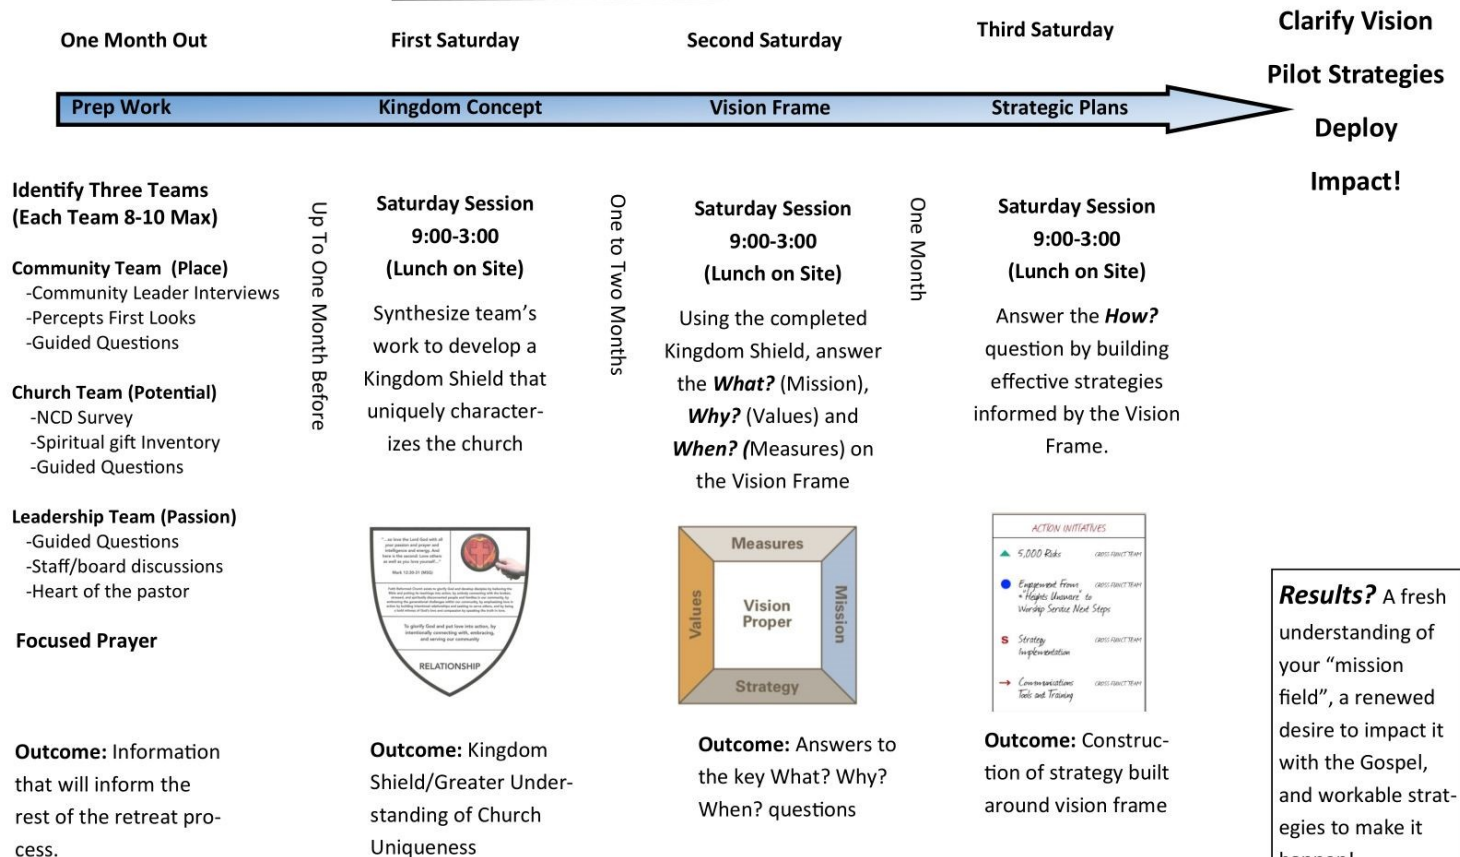

Opening A Window Onto A New Day

Where do we go from here? At one time or another, every church asks that question. Maybe its inception is a period of stagnation and plateau. Or, a church could have just finished a successful period of growth and wants to keep up the momentum. For whatever reason, it's good to stop every so often and ask, "Where to do we go from here?"

Drawing on the time-tested principles found in "Church Unique" and "God Dreams", these intensives will help a leadership team take a fresh look at the church's impact!
